[Stadium Facilities](#)

Widener's Athletic Complex is one of the most complete facilities in the Chester / Philadelphia Area. With an external Throwing complex, spectators will have an up close viewing area and access to the competition. We have gone to great lengths to ensure that the competition venues are certified for record performances and athletes can feel equally confident that their performance will be given full consideration by all certifying organizations. [Leslie C. Quick Stadium](#) has a recently refurbished 8 lane tartan surface with excellent site lines from all points inside the stadium. Only ¼ inch or shorter pin spikes may be used on the track. While Tents are permitted in the upper level of the stadium no tents will be permitted in the lower stands closest to the track or around the perimeter of the track. Security guards will monitor the placement of all tents and will ask all violators of these placement rules to remove their tents.

[Entry & Registration](#)

The Ron Jackson Youth Invitational is open to all athletes who will not reach their 19th birthday prior to the final day of the USA Track & Field National Junior Olympic Competition. They are permitted to compete in the Young Women's and Young Men's divisions. The age divisions are defined in the current [USATF Rules of Competition](#). These rules also govern the conduct of this competition. However, membership in USA Track & Field or AAU is not a requirement for entry into this competition. Entry into this meet is only via our Online Entry system. The entry deadline for this meet is **Sunday July 15, 2018 at 11:59 PM**.

[Admission and Parking](#)

Admission to the complex is **free of charge** throughout the competition. There are several parking areas surrounding the complex and parking in those lots is also **free of charge**. Access may be restricted to some lots due to weather conditions and this should be taken into consideration when making plans. There is a specific marked parking area that is reserved for competition officials and meet personnel only. Parking is not permitted in this area without proper credentials. Handicapped Parking is only available outside of the Field House on a first come, first served basis. We will allow vehicles transporting handicapped persons to proceed to the stadium entrance for unloading purposes. They must return, however, to park in the designated areas. Violators will be fined and towed at the owners expense.

[Event Check-in](#)

The event check-in tent is located on the stadium infield. Access is controlled and only competing athletes are permitted in the area. Every attempt will be made to make announcements for upcoming events via the public address system. However, actual event clerk-in calls are made at the clerking tent and it is the **sole responsibility** of the athlete to monitor the events on the track and the calls being made at the clerking tent. Please report on

the first call whenever possible. The area directly in front of the Clerking tent is only designed for final warm-up exercises and hurdle preparation. All field events are checked in at their venue.

Athletes with Special Needs

The UAGTCA will take special care to address the needs of athletes requiring special care during our competitions. We ask that the coach or individual accompanying the athlete to the clerking area advise the clerk that the athlete has a Special Need. Please identify the athlete and the Need and do not assume that the clerk is automatically aware of the 'NEED'. While every reasonable effort will be made to accommodate the athlete, it is the sole responsibility of the coach to see to it that we are made aware of the situation.

Competition Bib Numbers

All bib numbers must be worn on the front of the uniform and must be secured by 4 pins. Lost or mutilated bib numbers must be replaced with officially issued replacement bib numbers. The cost of replacing a lost or mutilated bib number is \$5.00 per number.

Spike Length Restrictions

The maximum spike length permitted is 1/4 inch. Spikes will be inspected in the Clerking area and non-compliant athletes will not be permitted to compete.

Information and Lost & Found Desk

There will be an information Tent located in the stands beneath the pressbox near the mezzanine level entrance of the stadium to answer general questions about the meet. The Information desk will also be the point of contact for lost and found articles and the pick-up & submission of official protest forms. Field entry passes must also be secured at this desk.

Protests

All protests must be submitted at the Information Desk, in writing, accompanied with a protest fee of \$50.00. We do not honor general requests to view finish line photos unless they are part of a protest. The protest fee will be refunded if the protest is upheld. Only protests regarding a specific violation of the current USATF Rules of Competition will be accepted. It is the responsibility of the individual submitting the protest to cite the specific rule in violation. Judgment calls of the officials cannot be protested and therefore will not be accepted. The meet referee will rule on all protests. The decision of the Meet Referee, with cause, may be reviewed by the Jury of Appeals. There new Mondo surface on the track, installed in 2015, has lived up to its billing, so we are looking forward to more some great times. Past meets have met all of our posted expectations and we look forward to many more exciting performances. We have received great comments from the teams and athletes that attended the previous meets and regrets from many who missed the event. Our 2017 meet may have been, by many estimates, our best effort to date and we thank the staff at Widener University for their graciousness during our stay. The competition was excellent and, as usual, the meet ran on schedule and, in some cases, as much as 40 minutes ahead of the posted event times. Athletes are still asked to monitor the event board in front of the clerking tent and pay close attention to the progress of events on the track. Athletes are also reminded to monitor the throwing venues that are located outside of the stadium.

Our 13th anniversary meet promises to be another very special event. We will look backwards as well as forward as we try to improve on our successes and correct any past shortfalls that have been identified. We are extremely pleased that our Mothers, Dads & Coaches Relay event has become so popular. We feel that we have become and intend to remain one of the premier summer youth meets on the East Coast and beyond.

Thanks,

The UAGTCA Team
